SUMMARY

Third-year Computer Science and Engineering student specializing in Cloud, DevOps, and Full-Stack development, with hands-on experience building CI/CD pipelines, containerized infrastructure, and AI-powered full-stack applications using AWS, Docker, Kubernetes, FastAPI, and LLM-based tooling.

EXPERIENCE

L&T Construction

Jun 2026 – Jul 2026

Technology Intern, Information Systems Department

- Built a full-stack “Document Intelligence Suite” with a RAG-based semantic keyword extraction tool and an Excel merge utility, using Angular, FastAPI, and Azure AI Foundry (GPT-5 Mini)
- Implemented semantic search with FAISS and SentenceTransformers, and secured the application with JWT authentication and bcrypt password hashing over a SQL Server backend

Internship Studio

Jan 2026 – Apr 2026

DevOps Intern

- Designed CI/CD pipelines with Jenkins and Docker, automating build, test, and release workflows to reduce deployment time and errors
- Deployed serverless applications on AWS Lambda and containerized/orchestrated services with Docker and Kubernetes for scalable, highly available deployments

PROJECTS

RepoScope

- Developed an AI-powered repository intelligence platform delivering architecture insights, semantic code search, automated documentation, and security analysis
- Engineered a FastAPI backend integrating LLMs with vector databases, paired with a React.js frontend for real-time codebase visualization

Argus

- Built an AI-powered DevOps Copilot for infrastructure monitoring, automated log analysis, and incident management, integrating LLM-based automation with a FastAPI backend for real-time anomaly detection
- Deployed using Kubernetes and Docker with a responsive React.js dashboard, reducing mean time to resolution (MTTR)

EDUCATION

SRM Institute of Science and Technology, Kattankulathur

2024 – Present

Bachelor of Technology — Computer Science and Engineering

CGPA: 8.0 / 10.0

Parampara Academy

Completed 2024

Higher Secondary Certificate (Class XII)

Parampara Academy

Completed 2021

Secondary School Certificate (Class X)

SKILLS

Languages: Tamil, Telugu, English, Hindi

Skills: Python, JavaScript, HTML5, CSS3, Amazon Web Services (AWS), AWS Lambda, Docker, Jenkins, Kubernetes, CI/CD Pipelines, FastAPI, Angular, React.js, Azure AI Foundry, FAISS, Vector Databases, Large Language Models (LLMs), SQL Server, Git
